GLORIES OF THE GARDEN

A WORLD'S FAIR
COMMEMORATIVE EDITION

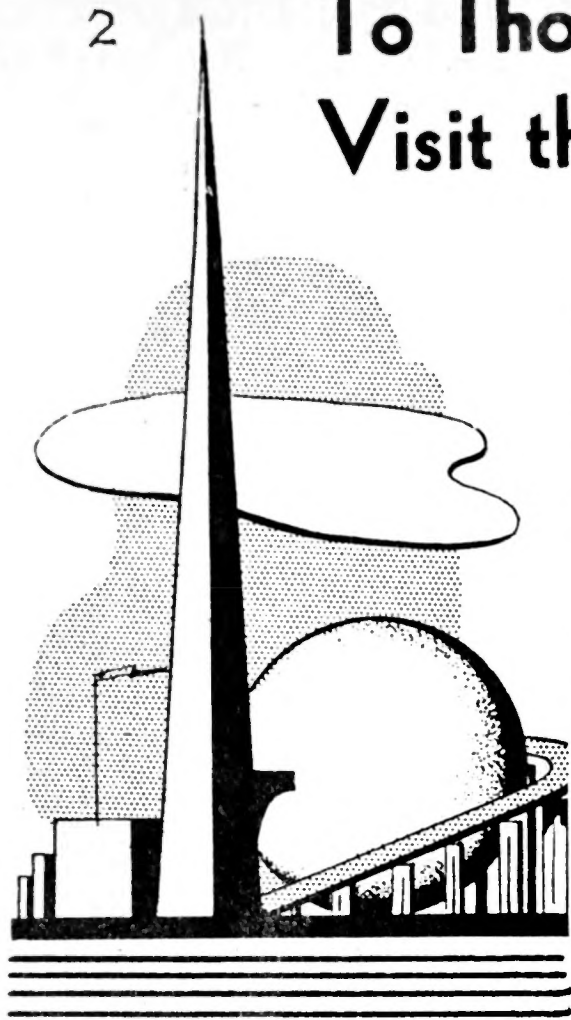

Entrance to Krider's "Glories of the Garden" exhibit in "Gardens on Parade"—New York World's Fair, 1939

—REMEMBER—

KRIDER NURSERIES were the
ONLY nursery west of New York
state who exhibited in "Gardens
on Parade"—A signal honor, and
one of which we are justly proud.

THE
KRIDER
NURSERIES
MIDDLEBURY, IND.

To Those Who Visited or Wanted to Visit the New York World's Fair-----

Those of you who visited the magnificent spectacle in New York last summer were thrilled by the great buildings, the wonderful exhibits and the showing of man's past and future life. You saw the marvels of science, the wonders of modern industry and the exhibits portraying life in foreign lands. All these were shown on a scale never before approached by man. You gained a new conception of what had gone before and what was to come in the future.

We were thrilled when we were invited to exhibit in the Horticultural exhibition, "Gardens on Parade." We tried to give you something beautiful yet practical; something in keeping with the spirit of the future. We are proud that we were the only nursery west of New York state exhibiting at the Fair.

If you visited our garden, we thank you. If you wanted to visit the gardens and couldn't, we show you a few scenes from our exhibit in this book. We will be pleased to count you among our friends and customers whether your orders are large or small. You can buy no better nursery stock at any price.

— A World of Fair Values —

We Want to Continue the Friendly Contacts We Made

In order to continue the pleasant relationships and to show our appreciation for the friendships made at the Fair we decided to issue this SPECIAL COMMEMORATIVE EDITION of "Glories of the Garden," and to offer you values in fine nursery stock which you are sure to want and appreciate.

Krider's New Hardy Phlox⁷

Facing directly to the entrance of "GARDENS ON PARADE" we executed a magnificent planting of over 600 Hardy Phlox.

During the latter part of July and throughout August and September they produced a display of blooms and color which made nearly everyone pause and exclaim over their beauty. Many were not familiar with the plants, many who had grown Phlox for years were astounded at the new colorings and varieties shown.

The soil of Northern Indiana is ideal for their propagation and our plants grow, thrive and bloom in any section of the country.

Buy and Plant Krider's Hardy Phlox, knowing when blooming season comes you are going to be thrilled and delighted with them.

KRIDERS are one of America's Largest Growers of HARDY PHLOX

DO NOT BE MISLED

There are many varieties of Phlox. Some are good; some not. Many are not suited to all sections of the country. Some are played up by different nurseries all out of proportion to their true worth. Krider's Phlox have stood the test of time and new varieties must have proven themselves before we will include them in our offerings.

The twelve varieties which we offer at the right we believe to be the twelve best varieties grown today. They are hardy, many are proven new varieties, their colorings are the finest produced and they will give you satisfaction and pleasure wherever planted. We guarantee them to grow. See page 2.

— UNIQUE - DIFFERENT — 13 *Smoke Tree*

One of the most picturesque and unusual of the small hardy trees. Beautiful foliage of dense green is surmounted during July and August with masses of loose, feathery panicles of minute blooms which give the effect of a dense cloud of smoke. The photo on the left shows a six year old tree on the lawn of Vernon H. Krider. Picture was taken last July 2nd just as the "Clouds" of bloom were forming. Thrives anywhere but prefers a dry, sunny location.

— THE HEDGE OF THE FUTURE — *Truehedge* COLUMNBERRY — Plant Patent No. 110

An Entrance To Krider's "Glories of the Garden" Exhibit, Showing Truehedge Columnberry at lower right. Photo taken five weeks after planting. Later in the season this made a dense compact hedge which appeared to be several years old.

Specimen Plant
Truehedge
Columnberry

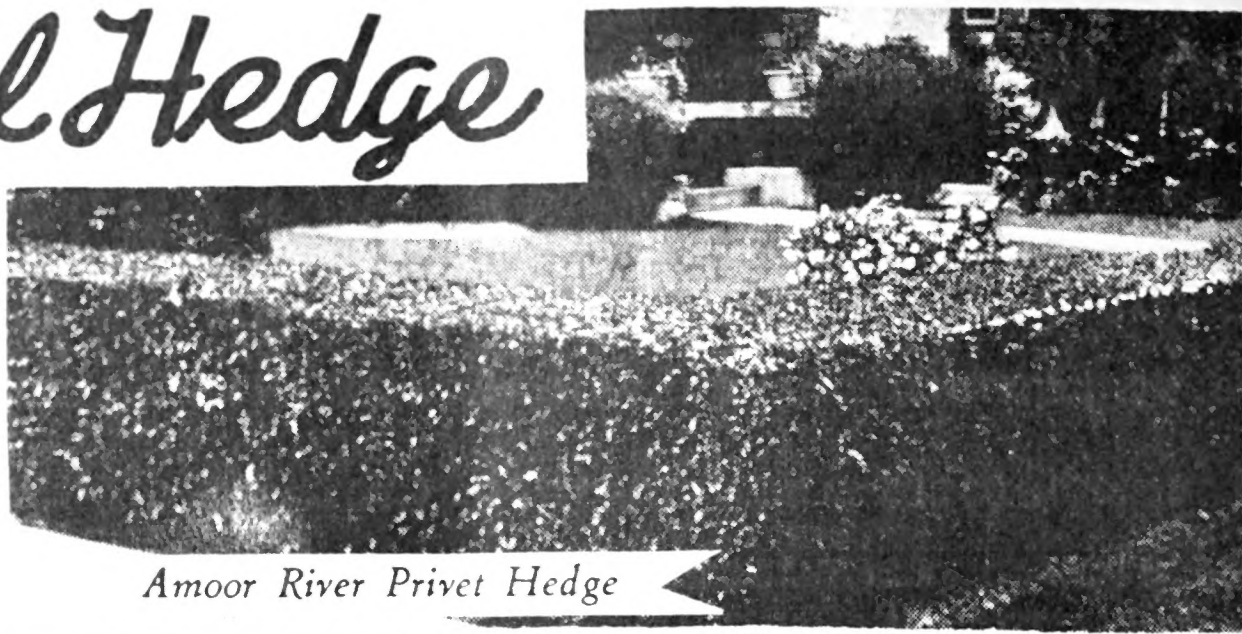

For those of you who really want the last word in hedges we offer this remarkable plant which creates a sensation wherever seen. Grows in natural, closely compact hedge form. Does away with frequent shearing and trimming. Foliage a deep, glossy green and is resistant to disease. Perfectly hardy and needs practically no care. May be sheared into any shape for formal effects. The picture above shows one entrance to our exhibit at the New York World's Fair. Note the Truehedge surrounding the right hand area. This photo was taken only five weeks after planting and before it was entirely leaved out. Later in the season it gave the effect of a hedge several years old. This is indeed one of the most satisfactory plants we have ever offered.
